P R E F A C E

It is one of the major responsibilities of the Indian Council of Social Science Research to function as a Clearing House of Information in respect of all research in the field of social sciences. In fulfilment of this responsibility, one of the programmes undertaken by the Council is the collection and dissemination of information in respect of research currently in progress in the field of social sciences (other than that done by students registered for doctorate degrees) in university departments and affiliated colleges. This is the first publication in a series designed to serve this purpose.

It is not claimed that the information given in this publication is fully comprehensive and covers all the current research in social sciences in Indian universities and affiliated colleges. There are presumably serious gaps, due to non-availability of information. We hope, however, that in the subsequent publications we shall receive increasing cooperation from universities and affiliated colleges and the coverage will tend to be fuller and more comprehensive.

I take this opportunity to thank all the universities and colleges who have cooperated in supplying the necessary information and thus made the publication possible.

M.S. Gore
~~Chairman~~
Indian Council
of Social Science Research

New Delhi
15th August, 1971

EXPLANATORY NOTE

The information on current research is given separately for each university and all universities have been arranged in an alphabetical order.

The entries in respect of each university are also listed in alphabetical order of the name of the Project Director. Each entry commences with the name of the Project Director and is followed by the title of the research project, the year in which the project was started, the duration of the project, the expenditure on the project and the source of finance, and finally, the department or college where the research project is in progress.

All the entries are serially numbered.

Two indexes are provided : the Project Director Index and the Subject Index.

AGRA UNIVERSITY

1. BHARGAVA, V.P.

Social Rigidity as Personality Variable, 1970 (Six Months) (Self)

Department of Psychology

2. LABH SINGH

(i) Effect of Differential Schooling on the Personality Development Children, 1969 (Three Years) Rs. 30,000

(ii) Standardization of Vocation Interest Inventory in Hindi for High School Students, 1970 (Two Years) Rs. 6,800

Government Raza Post Graduate College
Rampur

ALIGARH MUSLIM UNIVERSITY
