INTRODUCTION

The following tables give details of the numbers and rateable values of hereditaments of the various classes appearing in the new valuation lists which came into force on 1st April, 1956. The tables relate to the lists as sent by the valuation officers to the rating authorities at the end of December, 1955 ; they do not take into account any subsequent revision.

The last general revaluation took place in 1934 (1935 in London). The old valuation lists now superseded therefore in the main reflected values current at that time. The new valuation lists are based on present-day values, except as regards dwelling-houses, which have been assessed on 1939 values.

The tables are based on an analysis of the new valuation lists prepared by the valuation officers of the Inland Revenue Department. A summary analysis, with comparative figures for the old lists was given in a White Paper, "Distribution of Rateable Values between different classes of property in England and Wales",* presented to Parliament on 15th March, 1956.

The classes of property distinguished in the tables are defined as follows :

Domestic

Houses and flats (other than agricultural dwelling-houses) divided into ranges of rateable values as shown. Agricultural dwelling-houses as defined in section 5 of the Valuation for Rating Act, 1953.

Shops

Shops assessed with private dwelling accommodation ; other shops (including banks in shopping areas) and cafes.

Other Commercial

Offices (including banks in office areas) ; hotels and boarding houses ; holiday camps and caravan fields ; warehouses ; stores and workshops (non-industrial) ; garages (commercial), petrol filling stations and car parks ; lock-up garages (separately assessed) ; advertising stations and signs ; markets.

Licensed Premises

Public houses ; restaurants.

Entertainment and Recreational

Cinemas ; theatres and music halls ; sports and recreation grounds, golf courses and race courses, social clubs, community centres, and public halls ; residential clubs ; other places of entertainment or recreation (including billiards saloons, dance halls, pleasure parks, foreshores, swimming pools, etc.) ; radio, television and re-diffusion.

Public Utility

Water, gas, passenger transport, ferries, toll bridges, etc.

* Cmd. 9718, price 1s. 6d. net.

Educational and Cultural

Libraries, museums, art galleries, etc. ; schools and colleges, etc. (local authority) ; schools and colleges, etc. (non-local authority) ; universities and university colleges.

Miscellaneous

Hospitals (other than under the National Health Service), clinics, nursing homes, etc. ; public wash-houses and baths ; cemeteries and crematoria ; sewage disposal works and refuse disposal works ; town halls and municipal offices ; road transport depots and yards ; hereditaments not otherwise classified.

Crown Property

Property occupied by or on behalf of the Crown for public purposes, including hospitals under the National Health Service.

(Note : Crown property has not yet been revalued ; it is being revalued during the year 1956-57 with effect from 1st April, 1956.)

Industrial

Factories and workshops ; mines. (Part II of the valuation list.)

Freight-Transport

Docks, railways, canals, etc. (Part III of the valuation list.)

The net annual values of industrial and freight-transport hereditaments are shown at the foot of the tables ; the differences between these and the corresponding rateable values indicate the extent of the derating of these classes of property under Part V of the Local Government Act, 1929, and where applicable under section 22(1)(c) of and Part II of the Second Schedule to the Rating and Valuation Act, 1925.

Railway and canal hereditaments belonging to the British Transport Commission and electricity hereditaments belonging to the Central Electricity Authority, in respect of which payments in lieu of rates are made under Part V of the Local Government Act, 1948, are not included in the valuation lists and therefore are not included in the tables.

The Isle of Ely and the Isle of Wight appear under " Isle " and the Soke of Peterborough under " Soke ". The Isles of Scilly are included with Cornwall. Monmouth is included in Wales.

Rateable Values analysed according to Class of Hereditament:
